Career Summary

Dedicated Full stack web developer with graphic design experience and strong motivational drive to succeed in the Information Technology industry. An effective communicator and team player, demonstrated throughout various projects. Known as an innovative problem solver passionate about developing apps, with a focus on mobile-first design and development. Applied aspects of UX and agile development in recent projects and excited to leverage strong technical skills and great learning eagerness as part of a fast-paced, quality-driven team to build better experiences on the web.

Technical Skills

Technologies	Node Package Manager (NPM), MVC, GraphQL, MERN Stack, Express-Handlebars
Libraries/Frameworks	ReactJS, ExpressJS, Webpack, NodeJS, jQuery, Git, CSS3, HTML5, JavaScript/Typescript
Database	NoSQL, MySQL, MongoDB, Firebase, PostgreSQL, Apollo Server
Platforms	LINUX, Heroku, Balsamiq, Visual Studio Code

Work Experience

Full Stack Developer   *Sep 2022 – Present*

Intellecta Co., Sydney

Responsibilities:
- Leveraged React JS resources to build high-quality, scalable, and reusable components and Front-end solutions.
- Involved in all stages of SDLC from App design to development to debugging and testing.
- Continuous Integration (CI/CD) and TDD with Jenkins

Key Accomplishments:
- Own more than 10 projects from initial research and conceptual design through testing and implementation phases.
- Exposure to MERN stack and some Backend services such as MongoDB, DynamoDB and Apollo GraphQL

Mar 2019 – Aug 2022

Frontend Developer

Intellecta Co., Sydney

Responsibilities:
- Collaborated with a team of four in-house web designers to build responsive and cross-browser compatible websites with minimum number of iterations, using ReactJS, HTML, CSS, JavaScript.
- Authored code fixes and enhancements for inclusion in future code releases and patches.
-

Key Accomplishments:
- Learned aspects of UX best practices and agile development.
- Developed skills in mobile responsive design and strong technical skills in various Web development frameworks and libraries.

UI/UX Designer   *Feb 2018 – Jul 2018*

Practera (Intersective Pty Ltd), Sydney

Responsibilities:
- Data object modelling and design user flows subject to UX best practices
- Wire–framing and mock-up design using Balsamiq.
- User interface design for mobile apps using Ionic Creator and Reapp
- Translating design, animation and transitioning into CSS3

Key Accomplishments:
- Successful completion of Hybrid Mobile App (Ideazone) using MEAN Stack methodology
- Learned to meet the tight project delivery schedule in minimum number of iterations.

Projects

Ecommerce Store   Git: https://github.com/umairkhalid/Ecommerce-redux-store

Heroku: https://mern-shopping-redux.herokuapp.com/

- **Summary:** This project features a Store built with React frontend and Redux state management utilizing Apollo client Graph QL backend. The app allows users to login and save items to their shopping list without refreshing the page. Real-time transaction is handled via Stripe payment system.
- **Role:** Frontend and Backend Designer
- **Tools:** MERN, NodeJS, JWT Auth, Apollo Client, GraphQL, Redux, HTML, CSS, JavaScript

Itsy Bitsy Daycare   Git: https://github.com/umairkhalid/Itsy-bitsy-daycare

Heroku: https://itsy-bitsy-daycare.herokuapp.com/

- **Summary:** A Daycare booking app built as a MERN application built using React front-end, GraphQL, Node.js and Express.js server, Mongoose ODM and MongoDB.
- **Role:** Front end Designer
- **Tools:** MERN, NodeJS, JWT Auth, GraphQL, HTML, CSS, JavaScript

Googlebooks APP   Git: https://github.com/umairkhalid/Googlebooks APP

Heroku: https://books-google-app.herokuapp.com/

- **Summary:** Fully functioning Google Books API search engine built on MERN Stack Built using GraphQL API built with Apollo Server. Incorporated a JWT Auth middleware for user authentication.
- **Role:** Sole Author
- **Tools:** MERN, NodeJS, JWT Auth, GraphQL, HTML, CSS, JavaScript

Education

Certificate, Full Stack Web Development   *Aug 2022*
University of Sydney (Trilogy Education)

Professional Year   *2016*
Performance Education

Bachelor of Science in Information Technology   *2014*
Charles Sturt University, Sydney

Majors in Applications Development

Interests

- Selling and buying on eBay; actively doing business since 2006
- Enjoy swimming, playing golf, basketball, and badminton
- Reading blogs and reviews of the various gadgets, cars, and computer hardware innovations
- Enjoy gaming on PC
